

**Iron Springs Elementary School  
Community Council Meeting Minutes  
February 8, 2016**

Members Present: Nathan Jenkins, Martene Barker, Laura Albrecht, Janene Hall, Brittany Hoyt

Agenda Items:

Several council members observed G.E.M. time this past week and felt the program is directly affecting learning goals for all students at Iron Springs Elementary in a positive way.

Mr. Jenkins received a new preliminary budget of \$66,000 for our 2017-18 School Land Trust Plan. The plan was adjusted as follows.

\$9,000 Drama Specialist Salary

\$4,000 Professional Development

\$53,000 (or the total remaining budget) G.E.M. Time Interventions – to include math

\$66,000 – Projected Total Funds for 2017-2018

Members present unanimously voted to approve the above proposal and use of funding.

Mr. Jenkins is going to look into contacting SUU about a possible Spanish Club to offer students a language extension, based on a recommendation from one of the Board Members.

The pickup plan was also discussed because of some concerns about student safety. Mr. Jenkins would like to form a committee including teachers to look at the best way to address this problem. He will present them with the ideas the council has discussed and then the two committees will meet together to address this.

The Meeting was adjourned at 5:00.
